

Completed Projects

Loss Event: Hurricane Damage

Reconstruction of roof while providing emergency food to crew. Scope of project:

- ★ 80% damage of flat roof with two levels
- ★ All insulation and roofing membrane materials were removed and replaced
- ★ A new tapered insulation system, roof drains and Sika Sarnafil TPO roof was installed
- ★ As a manufacturer certified installer, provided the customer with an NDL warranty
- ★ Purchased over 65 camper trailers and leased enough land to set them all up for sustainable housing for the crew
- ★ Supplied a full-time chef to prepare 400 meals per day for the crew
- ★ Completion time: 2 months
